

Online Gallery Information:

Your wedding pictures will be posted to an online gallery for viewing and ordering within 7-10 days of your wedding date. Family, friends, and guests can register to be notified by e-mail that the gallery is up and they will receive a link to access the gallery. Anyone who has registered before the wedding for this notification will also receive a gift certificate toward the purchase of prints. Please begin gathering e-mail addresses and e-mail any that you have before the wedding to fullerphotography@yahoo.com and I will be sending out an e-mail with information on how they can register to receive not only notification and links to the gallery but a gift certificate as well. We will also have an e-mail list available at the reception for others who wish to sign up at that time. (Only those registered before the event will receive the gift certificates, but all people that sign up will receive notification and links to the gallery.)

The gallery is a wonderful way for people to view your pictures, but also provides an easy way for any interested family or friends to purchase any individual pictures they would like. Pictures are available in wallet size, 3½ x5, 4x6, 5x5, 5x7, 8x10, 10x10, 10x13, 11x14, 12x12, and 12x18. Pictures are also available at discounted prices in bulk as well. In addition to pictures, there are also several other products available through the gallery including greeting cards, fine art cards, coffee table books, and DVD slideshows. The greeting cards make great thank-you cards for guests with your favorite picture on the front.

Note: The hard cover books and DVD slideshows on my price list are purchased directly through me and are different from those offered through the web gallery both in layout and pricing. These products can be purchased through the gallery or through the photographer directly. Please contact the photographer if you have any questions about products.

If you are interested in additional products with your wedding pictures please contact the photographer. We have numerous products available including: tote bags, journals, throw pillows, clocks, coffee mugs (in two sizes), mahogany jewelry boxes (velvet lined with your photo printed on tile and imbedded in the cover), calendars (monthly and year at a glance), t-shirts and sweatshirts, greeting cards, postcards, posters prints, magnets, buttons, stickers, ornaments, and coasters. If you are interested in any of the above products we can supply pictures and pricing.
